Fire Dept. - 715-374-2559

September 21, 2020

In general, please refer to the Village website and the NCA Facebook page for updated event information.

As we continue to navigate through this year in Lake Nebagamon, many things continue to have a different look and feel to them. As we move into the cooler weather and face the challenges it brings with weather and other more well known illnesses such as the flu, it is important that we all continue to do our best to keep those around us safe and healthy. With that in mind, the Village Board has made the following determinations for Village owned facilities moving forward into the fall and winter months.

Ravine Campground: It was determined by the Village Board at the July 7, 2020 Board Meeting that Ravine Campground will remain closed for camping throughout the remainder of 2020. It is not possible for the Village to maintain the level of cleanliness that restrooms would be required to have during this time.

Auditorium Events: It was determined by the Village Board at the September 1, 2020 Board Meeting that the Auditorium will open for events at a capacity of 20 people downstairs and 100 upstairs with only one event scheduled a weekend on one level of the building. This will continue to be reviewed as COVID numbers from the County are monitored and we will do our very best to allow for scheduled events throughout the remainder of the year while keeping the best interest of our residents in mind.

Village Office: The Village office will continue to operate by appointment only. There is now a secured lockbox located on the front of the Auditorium, to the left of the front doors. This box can be utilized for dropping off sewer payments, land use permits, any correspondence that needs to reach the office, for the return of absentee ballots, or any other materials that need to reach Board members. It is checked daily. Village Administrator Amy K. Huber and Village Clerk Daisha Nolan can be reached by email at ahuber@villagelakenebagamon.com and dnolan@villagelakenebagamon.com, respectively. The village office phone number is 715-374-3101 and has a messaging system that is also checked daily. The fall and winter months see us juggling school aged children with a schedule much different than the past with a heightened risk of children needing to quarantine if exposed by those around them. At short notice, it is possible that staff will need to work remotely from home to accommodate this situation. We ask for patience and thank you for your understanding as we balance all these different possibilities.

Beach and Lower Level Auditorium Restrooms: The basement level bathrooms at the Auditorium are now closed for the Winter season.

Lake Nebagamon Ballfields: Bathrooms at the ball fields are closed. If you are interested in utilizing the fields for a scheduled event, please contact the office to do so.

Personal businesses around the village will be re-opening according to what they feel is best to each of them, individually. Now, more than ever, is an imperative time to support our local small shops, businesses and restaurants. Contact them directly with questions or many of them will be posting updates through social media, as they change their policies during re-opening.

It is our hope that despite these unpredictable times, our community will continue to move forward carefully and patiently, while still finding ways to enjoy the season of Summer in our beautiful Village of Lake Nebagamon.
