Spongy Moth Quarantine Douglas County

Items regulated by Quarantine:

- Firewood
- Woody plant material, including decorative products & nursery stock
- Christmas trees
- Logs
- Outdoor household items

As of April 10, 2023, Douglas County is part of the state and federal quarantine area for spongy moth (*Lymantria dispar*).

To move regulated items out of Douglas County, businesses may need to sign an annual, no fee compliance agreement (CA), which states risk mitigation requirements.

Firewood certification is an option if businesses want to move firewood out of Douglas County to non-quarantined areas.

Contact DATCP if you want to move regulated articles from Douglas County to a non-quarantined county (shown in white on the map):

Meg Sanders
MeganT.Sanders@wi.gov
(715) 891-8158

Contact USDA-APHIS if your business wants to move regulated articles from Douglas County to another state (like MN):

Nick Zebro, Nick.L.Zebro@usda.gov, (715) 241-5245
